

Qimini™ pocket Wireless Charger

Go Wireless, Go Qimini.

Qimini™ pocket is a wireless charging station. Plug your Qimini™ pocket to any USB port and you're ready to charge wirelessly all your Qi compatible devices.

Simply leave your device on the Qimini™ pocket and let the magic do the work!

1. Plug Qimini into a USB power source

2. Place your Qi-enabled phone on Qimini, make sure the receiver (normally centre of the phone) matches the centre of Qimini

3. Your phone starts to charge

1. 將Qimini連接到一個USB電源

2. 將你的Qi認可電話放在Qimini上，並確保接收器（一般於電話中央）對準Qimini的中間位置

3. 你的電話將立即開始充電

Qi-enabled Devices
